IMPACT REPORT

.....

DEAR FRIEND

in the FIGHT AGAINST AIDS,

Thank you for your commitment to our mission to be at the forefront of HIV prevention, care and treatment services for the growing number of people who turn to us every year. Your support is critically important as we work to realize our shared goals of a world without AIDS and to ensure that everyone with HIV lives a long, healthy life.

The outcomes presented in this impact report are the result of the partnerships we have forged between our patients and clients, our staff and you, our supporters. We hope you feel the same level of accomplishment and ownership for them as us.

With sincere gratitude,

Michael J. Gifford

ENSURING PATIENT ACCESS

People living with HIV need unfettered access to health care, social services and medications to live a long and healthy life. The ARCW HIV Medical Home provides all of this in one convenient, welcoming location, serving a diverse population of gay men, people of color and women with HIV.

3,646 TOTAL PATIENTS & CLIENTS

MEDICAL CENTER

Medical Care Appointments	8,469
Dental Care Appointments	4,492
Behavioral Health and Wellness Appointments	7,015

PHARMACY

Prescriptions Filled	94,196
----------------------	--------

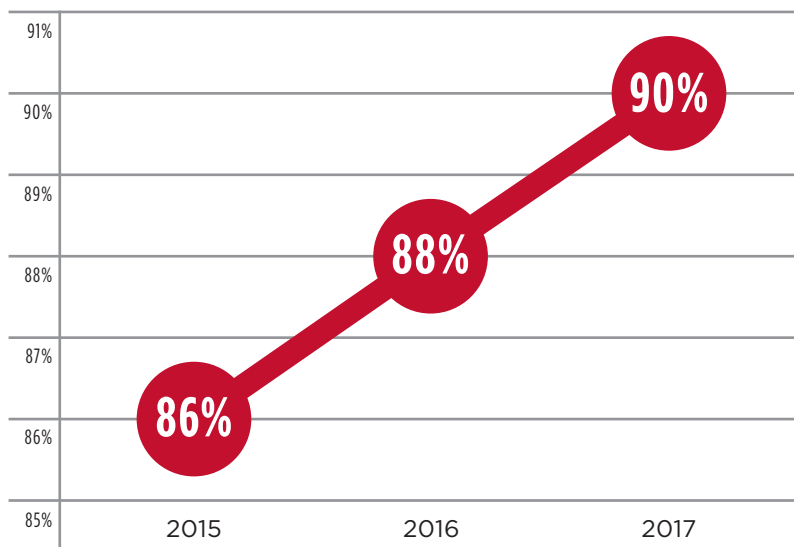

SOCIAL SERVICES

Case Management Contacts	38,577
Legal Cases	906
Food Pantry Meals Provided	382,971
Overnights of Safe Housing	53,626

ACHIEVING VIRAL SUPPRESSION

Viral suppression is the most important clinical outcome for people with HIV. It indicates their HIV is managed as well as possible. Not only does this result in better health for the patient, it also means they are less able to transmit the virus to someone else – important for supporting overall public health.

VIRAL SUPPRESSION AMONGST OUR PATIENTS

81%

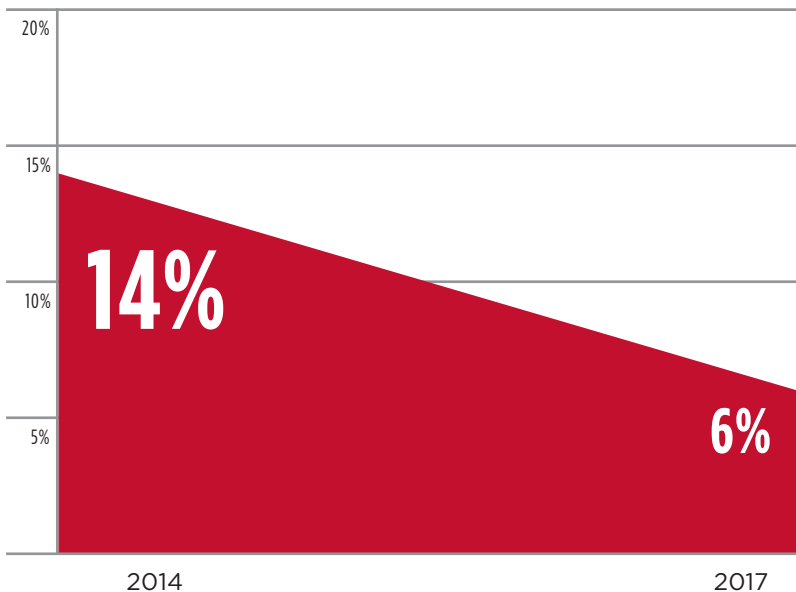

**AVERAGE VIRAL
SUPPRESSION of HIV
SPECIALTY CLINICS**

ADDRESSING RACIAL DISPARITIES

We firmly believe that race, gender and sexual orientation should not determine one's health. We work to overcome societal barriers to health such as HIV stigma, discrimination, racism, sexism, homophobia and transphobia that keep people from accessing the care they need to be healthy.

SINCE 2014, we have **ACTIVELY MEASURED** and **WORKED TO ELIMINATE RACIAL DISPARITIES** in **VIRAL SUPPRESSION RATES** among our patients.

RACIAL DISPARITIES PERCENTAGE SINCE 2014

PREVENTING NEW INFECTIONS

Pre Exposure Prophylaxis (PrEP) is the newest and one of the most effective HIV prevention tools we have to reduce new infections. It has been shown to be more than 96% effective. By providing people who may contract HIV with some of the same medications used to treat HIV, we can help reduce new infections and treat overall sexual health.

PrEP PATIENTS in WISCONSIN and COLORADO

&

464 PATIENTS

INVESTING in PROGRAMS

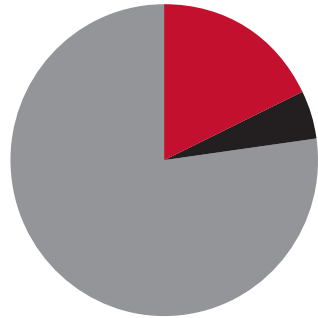

Far surpassing nationally established benchmarks, 93% of investment in ARCW goes directly into HIV prevention, care and treatment services. Strong financial management and a dedication to patient and client care ensures donations, grants and reimbursement revenue go as far as possible.

SOURCE and USE of FUNDS

For Fiscal Year Ended August 31, 2016

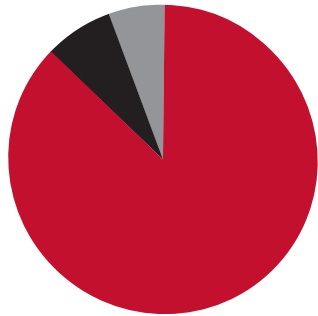

REVENUE

■ Federal, State and Local Government	18%
■ Private Donors	5%
■ Reimbursement Revenue	77%

EXPENSES

■ Care and Treatment	87%
■ Prevention	6%
■ Administrative & Fundraising	7%

ARCW HONOR ROLL of DONORS

September 1, 2015 though August 31, 2016

ARCW is grateful to the following donors who made gifts of \$100 or more between September 1, 2015 and August 31, 2016. Their generosity is closing gaps in the fight against AIDS. We especially thank our Red Ribbon Patrons, donors who have made cumulative donations of \$10,000 or more and are recognized in this honor roll with a red ribbon. Finally, we thank the thousands of donors of gifts less than \$100 as well.
